

THREE HITS SETTLED IT

Boston Batted Out Victory in
the 12th Inning

OVER ST. LOUIS YESTERDAY

Dineen Was Hit Fourteen Times by His
Old Team-mates, While Both Pruitt
and Winter Kept Hits Down
Except in the Eighth.

Boston, Aug. 6.—Boston and St. Louis battled eleven innings yesterday afternoon and then the break came the former's way in the 12th, and victory with it, 3 to 2. It was one of the best games of the season. Foris was back in the game after a long lay-off, and Grimshaw took to the bench, only to be brought in to help along a batting rally in the eighth that saved the game.

The home team faced its old pitcher, Bill Dineen, and found him in chatters, while Pruitt and Winter were all to the good except in the eighth when four hits, including a triple, gave St. Louis two tallies. Winter went into the box in the ninth and kept the hits down to two in the four innings. Barrett's batting and fielding were features of the game.

For seven innings the teams worried along without a score. In the eighth Stone broke the ice with a triple and Pickering singled. On Wallace's out to Sullivan, Stone scored. Yeager and Spencer both singled and Pickering then scored. Yeager was forced at third on Jones' tap to Pruitt, and Dineen forced Jones, Wagner to Ferris.

In the ninth, Dineen, Boston's avenger got busy. With Wagner an easy out, Dineen was sent in to bat for Criger and he singled. Grimshaw batted for Pruitt and also singled. Barrett, next up, did the same, and Hovey scored. Sullivan rapped to Niles and was out at first, but Grimshaw scored. Congalton singled, but Unglaub ended the inning by flying out to Stone.

St. Louis never had another chance to score, with Winter in the box. In the 12th, Wallace got Wagner, but Shaw singled. Then the other end of the battery, Winter, beat out a bunt, thus making his second hit in two times up. Barrett walked to the plate and rapped out his third safe drive of the day, and Shaw came in with the winning tally. The score:

RHE
St. L. 0 0 0 0 0 0 0 0 0 0 2 9 0
Boston 0 0 0 0 0 0 0 0 0 0 1 4 2

Summary: Earned runs, Boston 3, St. Louis 2; three-base hit, Stone; sacrifice hit, Sullivan; base on balls, by Pruitt 5; by Winter; struck out, by Pruitt, by Winter, by Dineen 2; wild pitch, Pruitt; hit by pitcher, by Pruitt; double play, Wagner to Ferris to Unglaub, Winter to Wagner to Unglaub, Wallace to Niles to Jones; hits, off Pruitt, seven in eight innings; off Winter two in four innings.

FRISCO ATTACKS
GRAFT ON ALL SIDES.

Jury Piles Up Telephone Facts, Halsey Trial, Mayoralty Issue Fought.

San Francisco, Cal., Aug. 6.—A general movement along the graft line of battle will be made today. It will extend from the session of the grand jury, which is accumulating evidence against the officials of the telephone company, to the state supreme court, where the companions of Mayor Edward R. Taylor are fighting to establish the validity of his appointing power.

The task of impeaching a jury to try Theodore V. Halsey, outside agent of the Pacific States Telephone company, on a charge of bribery will be resumed before superior court Judge Dume, while Emilio H. Zimmer, the vice-president of the corporation, will appear in the police court for arraignment on a charge of misdemeanor for refusing to testify at the trial of Louis Glass.

The justices of the supreme court will take up the application of Harry M. McKenny, Mayor Taylor's private secretary, for a writ of mandamus compelling Auditor Horton to sign McKenny's salary demand. McKenny's petition is a short cut toward settling the question of the validity of Taylor's tenure of office.

GLOVER TO TESTIFY
IN THE EDDY SUIT.

Scientist Leader's Only Child Says at
Concord There Will Be No
Compromise.

Concord, N. H., Aug. 6.—George W. Glover, the only child of Mrs. Mary Baker Glover Eddy, arrived in Concord yesterday and at once went into consultation with one of the lawyers who represent him and other relatives in the legal attack the "next friends" have made upon the associates of the head of the Christian Science faith.

Glover, who was accompanied by his home at Lead, S. D., by his daughter, Mary, said he spent last night at Ayer, Mass., where he had registered under the name of "Patterson," that he might escape attention.

He declared that compromise of the suit is not to be thought of, and that when the proceedings touching his mother's mental condition begin before the master here on August 13 he will take the stand and testify that, in his opinion, his mother is mentally incompetent.

As soon as Glover and his daughter reached Concord they went to the law office of DeWitt C. Howe, of counsel for the next friends.

FOUR MURDERS IN
CHICAGO MYSTERY.

Another Man Is Dying, Shot by the
Robbers; Police Force Hunts
the Assassins.

Chicago, Ill., Aug. 6.—Five mysterious assaults, in which four men were killed and another fatally wounded, aroused the entire police force to energetic action early yesterday. The victims in the affairs were:

Fosario Rocco, killed by knife thrusts. Edward Smith, a policeman, shot and killed while walking near his home. John L. Barbour, found dead on the Illinois Central tracks. His head had been cut off by a train. Barbour may have committed suicide, but there are circumstances which make it doubtful.

John Naughton died in the hospital after being assaulted by three men. William Donovan, dying in the county hospital from a bullet wound in the abdomen. Donovan said he had been robbed by three men.

PITTSBURG COAL

Men May Strike.

Sympathetic Action Over The Miners' Demands Is Threatened.

Pittsburgh, Pa., Aug. 6.—Today promises to bring developments in the controversy between the local district of the United Mine Workers and the Pittsburgh Coal company. There is every expectation of a sympathetic strike being called today. The strike will be confined to employees of the Pittsburgh Coal company.

According to an official of the company, either President Freeman or the local must modify his demands or the company must concede, and concession, he said, was impossible.

VAST FRAUD IN LAND ENTRY.

Four Thousand Acres in The Imperial Valley.

Los Angeles, Aug. 6.—O. R. Robinson, receiver in the local land office, yesterday said: "Fraudulent entry on more than 4,000 acres of Imperial Valley land has been made. General Prescott and myself made the discovery some time ago and secret service agents are now collecting evidence which we believe will uncover a land fraud equal in importance to that in Oregon." On file in the land office are fourteen affidavits charging fraud in desert entries. Many similar affidavits will be filed this week it is said.

ENGLAND'S KING TO WIT.

NESS SHAM NAVAL ATTACK

On Board the Dreadnought, While Submarine Boats Are to Try to Approach.

Cornwall, Isle of Wight, Aug. 6.—After seeing some of the yacht races, King Edward, Queen Alexandra, the Princess of Wales and other members of the royal family went on board the Dreadnought and sailed for Sandown bay to witness a sham attack on the battleship by submarine gunboats and target practice with her big guns.

MOBS ATTACK AND BURN

Italian Churches in Many
Parts of Country

RIOTS IN MANY PLACES

Anti-Clericals Gain Strength in Cities
Throughout the Country; More
Trouble Is Expected
Yet.

Rome, Aug. 6.—Reports from various parts of the country indicate that anti-clerical sentiment is spreading seriously. Two churches at Florence and one church at Pisa have been set on fire by mobs. Convents and monasteries have been attacked at Terni, Venice, Leigorn and other cities.

No More Public Money For Church.

Geneva, Aug. 6.—The termination of public appropriations in support of religion in the canton of Geneva resulted from a combination of Roman Catholics, Socialists, Radicals and Free Thinkers, and other advocates of the complete separation of church and state. The struggle has been going on for years in the "citadel of Protestantism" from which Calvin inspired the movement which gave birth to the Huguenots of France and Holland and the Puritans of Scotland and America.

The activity of Mgr. Mermillod, who headed in the name of the Pope that he would conquer the Huguenot citadel, aroused the hostility of the Protestants, and under the leadership of John Carter, in 1873, the people voted a law expelling the bishop and requiring all salaried ministers (priests and pastors alike) to take the civil oath and be chosen by parochial election.

WILL KEEP ORDER IN ITALY.

But Government Won't Intervene in
Anti-Clerical Agitation.

Turin, Italy, Aug. 6.—The Stampa yesterday printed an interview with Premier Giolitti in which he is quoted as reiterating that the government will not change its policy on account of the anti-clerical agitation in Italy. He adds that the strictest orders have been issued to prevent violence and to protect the churches, convents and other religious property, but that the government will not intervene in any fashion.

Regarding the charges brought against various religious bodies the Premier says: "That is a matter for the courts to decide, and the country would have a right to complain if the government interfered to restrain the press, which is free both for clericals and anti-clericals."

LITHOGRAPH MEN
CALL OFF THE STRIKE.

Unable to Settle Differences With Employers, They Vote to Return.

New York, Aug. 6.—The struggle of the Lithographic Artists, Engravers and Designers league with the National Association of Lithographers, which began in August, 1906, has been ended as a result of the abandonment of the right by the union, according to an announcement made yesterday by Richard Kitchell, national president of the lithograph workers.

The trouble had its origin in the posting of open shop notices by the employing lithographers, and the requirement that all employees resign from the union. This the men refused to do, and they were locked out in Boston, Springfield, Providence, New York, Philadelphia, Rochester, Buffalo, Cleveland, Cincinnati, Detroit, Chicago, Milwaukee and St. Louis.

The union decided to ask the men to vote upon a proposition to return to work unconditionally, and at meetings called for that purpose the proposition was adopted.

DOCTORS WON'T AID
HIM TO SNAP SOUL.

Man Thinks He Can Photograph Soul
as It Takes Flight from Body.

Mr. Vernon N. Y., Aug. 6.—After trying in vain to get permission from the New York city hospitals and penal institutions to experiment in photographing the soul, Henry Price has become discouraged.

"Since announcing my discovery," said Mr. Price Sunday, "I have received many letters asking for information which I cannot give until after the experiment has been made. This subject should prove interesting to all, as it is based on scientific principles. The wonder is that it has not been discussed before."

"It is up to me," continued Mr. Price, "to grant what the public demands. All I ask is that the authorities aid me."

Mr. Price's theory is that the soul can be snapped with a camera as it takes its flight from the body.

MAKE MOSQUITOES
FOUR FEET LONG.

Models in New York Museum Are 400-
000 Times Larger Than the
Original.

New York, Aug. 6.—Mosquito models in volume 400,000 times the size of the mosquito in his natural state, 4½ feet long, are the wonderful new features New York is to have this summer. They are being made with scientific exactitude, and have been nearly a year and a half in construction.

Four of these mosquito giants of wood and wax and glass are to be placed on exhibition. They are to show to the public precisely what the poisonous mosquito of malarial contagion is. There will be in the group the adult male, the adult female, the larva and the pupa.

The American Museum of Natural History, at Seventy-seventh street and Central Park West, will have these scientific treasures.

CURT RETORT BY STANDARD OIL

Statement Regarding Fine and
the Smith Report

NO RISE IN OIL PRICE

Also Says That as the Bureau of Corporations
Was Instituted by the
President to Aid Him in
Legislation.

New York, Aug. 6.—John A. Archibold, vice-president of the Standard Oil company, issued a statement yesterday following the decision of Judge Landis in fining the company \$29,240,000 for rebating and the report of Commissioner of Corporations Hergert Knox Smith, in which Mr. Smith declared, among other things, that the claim of the Standard Oil company that it had benefited the consumer was a misrepresentation of facts.

Mr. Archibold's statement was as follows: "On Saturday, Aug. 3, Judge Landis announced his decision. 'On Monday, Aug. 5, Commissioner Smith's report is given to the public. 'The remarkable report of Mr. Smith marks another coincidence in the utterances of the different departments of the Government in their attacks upon us that have occurred so frequently as to rob them of even the appearance of being accidental. In connection with its publication it may not be amiss to remind the public that the act creating the Bureau of Corporations provides that such reports shall be made to the President for the purpose of guiding him, informing suggestions as to legislation, and that they may be made public in

whole or part only in the discretion of the President. It is sufficient now for us to say that in the preparation of his report Mr. Smith did not see fit even to confer with us. We think the public will agree that we were at least entitled to be heard in such a matter. If Mr. Smith had seen fit to confer with us we would readily have furnished him the data for a truthful statement of facts on this question."

John D. Archibold. "Vice-President Standard Oil company." The company also issued the following statement relative to the report that there would be an advance in the price of oil.

"Mr. Charles M. Pratt, secretary of the Standard Oil company, makes authoritative denial of the report that the company is about to advance the price of oil. The reported statement of Mr. Chamberlain of the National Petroleum association of Cleveland that such an advance was to be made is entirely unwarranted and absolutely unfounded."

"Mr. Chamberlain, who represents a competitor of this company, is alleged to reveal the sources of his misinformation."

CANNOT BAR ROCK ISLAND.

Injunction Against State of Arkansas.

St. Paul, Aug. 6.—Judge Van Deventer enjoined the secretary of the state of Arkansas from forfeiting the right of the Rock Island railroad to do business in Arkansas.

LANDIS DISSOLVES A TRUST.

School Furniture Concern Fined \$43,000.

Chicago, Aug. 6.—Judge Landis, in the United States district court today, ordered the dissolution of the Church and School Furniture Trust, recently punished by fines amounting to \$43,000, for admitted violation of the anti-trust laws.

WON IN THE PRIMARY.

John Sharp Williams Will Be Senator from Mississippi.

New Orleans, La., Aug. 5.—John Sharp Williams has won the United States senatorial primary in Mississippi, according to returns received here from Jackson, Miss., late last night. With but one county yet to hear from Williams' plurality is unofficially counted at 941. The county still unheard from has been conceded to him by the Vardaman forces.
